Transfemoral Bundle Overview

Selecting the best combination of components for your patient's K2 or K3 transfemoral prosthesis is simple with our Lower Limb Bundles. Whether your patient requires a mechanical knee, Kenevo, or the C-Leg, along with a foot and liner to be used in everyday life, we've got the components you'll need to create an optimal prosthesis.

Requirement

Choose a combination of the below to receive a 25% discount:

- 1 foot
- 2 liners
- 1 suspension or socket option
- C-Leg, Kenevo, or mechanical knee

Want more?

- If you choose an additional adapter or component to go along with your order, you'll also receive the same great 25% discount! The more you choose, the more you'll save.
- Adapters and additional components are not required.

Transtibial Bundle Overview

Choosing a transtibial bundle has never been easier. Whether you need K2 or K3 components, a foot for highly active users, liners that improve hygiene and reduce odors, or a vacuum pump to provide optimal volume management, we've got you covered.

Requirement

Choose a combination of the below to receive a 25% discount:

- 1 foot
- 2 liners
- 1 suspension option or volume management option

Want more?

- If you choose a sleeve or adapter to go along with your order, you'll also receive the same great 25% discount! The more you choose, the more you'll save.
- Sleeve and adapter are not required.
