Re: Assigned HCPCS Codes for DME Billing

Xref Number: 83815809

Manufacturer Name	Product Name	Model Number	Assigned HCPCS Codes
OTTO BOCK HEALTHCARE	SPINE BRACE	50R147	A9270
OTTO BOCK HEALTHCARE	SPINE SPORT	50R142	A9270

Dear Kimberly Hanson:

The Pricing, Data Analysis, and Coding (PDAC) Contractor has reviewed the product(s) listed above and has approved the listed Healthcare Common Procedure Coding System (HCPCS) code(s) for billing the four Durable Medical Equipment Medicare Administrative Contractors (DME MACs).

The PDAC Contractor provides coding assistance to manufacturers to ensure proper coding of Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS). The PDAC publishes coding decisions based on the coding guidelines established by the Local Coverage Determinations (LCDs) and associated Policy Articles and any related Advisory Articles established by the DME MACs. All products submitted to the PDAC for a coding verification review are examined by coders and professionals following a formal, standardized process.

The PDAC has reviewed the above listed product(s). Based on this review and application of DME MAC policy, the HCPCS code(s) listed below should be used when billing the DME MACs:

A9270 - NON-COVERED ITEM OR SERVICE

The "Local Coverage Article: Spinal Orthoses: TLSO and LSO - Policy Article" states:

The posterior panel must encompass the paraspinal muscle bodies from one lateral border to another in order to provide sufficient surface area to enhance the three point pressure

system. The posterior panel must provide coverage to meet the minimum height requirements as described in the individual HCPCS codes. Spinal Orthoses that do not meet the Medicare definition of a brace should be coded as A9270.

The posterior panel on the product submitted for review is not wide enough to encompass the paraspinal muscles. Therefore, code L0627 OR L0642 is not assigned. HCPCS code A9270 is the most appropriate code.

This decision applies to the application we received on 8/29/2018. If information submitted in that application has changed or were to change, it could impact our decision. Therefore, a new application would need to be submitted for HCPCS coding verification review. The coding assigned in this decision letter will be available on the Product Classification List (PCL) on the Durable Medical Equipment Coding System (DMECS) within ten (10) working days from the letter's date. The DMECS can be accessed on the PDAC website, www.dmepdac.com. Please take the time to verify that this coding decision is correctly reflected in DMECS.

If you disagree with this decision, you may request a reconsideration within 45 days of the letter's date and provide evidence to substantiate a reconsideration of PDAC's original coding determination. To request a reconsideration, complete the Reconsideration Request form located on the PDAC website at <https://www.dmepdac.com/review/requesting.html>. If your request for a reconsideration is made after the 45-day time frame, it will require a new application and documentation to support the request.

It is the responsibility of manufacturers and distributors to notify the PDAC immediately of any changes involving their products, as listed on the PCL on DMECS. Further information for requesting updates to the PCL can be found on the PDAC website at <https://www.dmepdac.com/dmecs/notifying.html>. It is also the responsibility of manufacturers and distributors to assure their websites and product marketing materials accurately reflect the product reviewed by the PDAC and the coding decision assigned.

An assignment of the HCPCS code(s) to product(s) is not an approval or endorsement of the product(s) by Medicare or Noridian Healthcare Solutions; nor does it imply or guarantee claim reimbursement or coverage.

If you have questions about policy, claim coverage or reimbursement, please contact the DME MAC for your jurisdiction. For other questions, contact the PDAC Contact Center at the address listed above or by telephone at (877) 735-1326. The Contact Center is open Monday through Friday from 8:30 a.m. to 4 p.m. CT.

Reminder: There are new versions of the Code Verification Review applications available on the PDAC website at https://www.dmepdac.com/review/applications_forms.html. The old versions of the applications are no longer accepted as of 9/1/2018.

Sincerely,

PDAC
