

Perfect skin care.

The **epidermis** is the barrier between our body and the environment. It is therefore the most important protection the body has against the outside world's harmful effects. To protect against pressure and friction, healthy skin is often thicker in certain areas, such as the palms of the hands and soles of the feet. The **dermis** contains blood vessels and nerves with special receptors that are sensitive, for example, to pressure, touch, pain, hot and cold, making the skin an important sensory organ. The **subcutaneous** tissue is primarily fatty tissue, along with larger blood vessels and thick nerve fibers. The hair roots are also found in this layer along with the sebaceous glands and sweat glands. When the epidermis is intact, the deeper layers of the skin are protected from chemicals and microorganisms.

For people wearing prostheses or orthoses, unavoidable mechanical stresses have adverse effects on the skin's function. There is often a close correlation between these causes and effects.

The main problems are:

- Pain with pressure and friction, soreness
- Build-up of perspiration and odour
- Damage to the skin's protective and immune functions
- Excessive hygiene or incorrect cleansing of the weakened skin

What you can do:

The Derma series offers a selection of skin care products that have been specially adapted to the needs of people who are wearing prostheses or orthoses: DERMA CLEAN, DERMA PREVENT and DERMA REPAIR.

DERMA CLEAN 453H10

- Gently and safely
- Anti-bacterial formula

INGREDIENTS:

AQUA (WATER), GLYCERIN, PANTHENOL, DECYL OLEATE, ETHYLHEXYL STEARATE, TRITICUM VULGARE (WHEAT) GERM OIL, ORBIGNYA OLEIFERA SEED OIL, POLYGLYCERYL-3 DICITRATE/STEARATE, CETEARYL ALCOHOL, ASCORBYL PALMITATE, TOCOPHERYL ACETATE, TOCOPHEROL, ALLANTOIN, HIPPOPHAE RHAMNOIDES FRUIT OIL, SODIUM HYALURONATE, LECITHIN, GLYCERYL STEARATE, CARBOMER, SORBITAN CAPRYLATE, PHENOXYETHANOL, ETHYLHEXYLGLYCERIN, PIROCTONE OLAMINE, DEHYDROACETIC ACID, LACTIC ACID, BENZOIC ACID, SODIUM HYDROXIDE, PARFUM (FRAGRANCE), LIMONENE, LINALOOL, HYDROGENATED PALM GLYCERIDES CITRATE, CITRIC ACID.

Application

Apply Derma Clean special cleansing lotion to the skin, rinse thoroughly with clear water after washing and dry.

To clean the liner, turn it inside out and wash with Derma Clean. Then rinse thoroughly with clear water and wipe with a clean, dry cloth. Now let the liner air dry.

INFORMATION

- Prevents chafing
- Reduces the effects of excessive strain and soothes irritated skin
- Helps assist the skin's defense system against harmful environmental effects
- Makes the skin noticeably more supple and elastic

Application

Apply Derma Prevent to the skin prior to donning the prosthesis or orthosis. Give a few drops on the palm of your hand and rub into the skin until it is dry. Shake well before using!

INFORMATION

- Gently and safely
- Anti-bacterial formula

INGREDIENTS:

AQUA (WATER), COCO-GLUCOSIDE, DECYL GLUCOSIDE, ISOPROPYL ALCOHOL, SORBITAN CAPRYLATE, LAURYL LACTATE, GLYCERIN, LACTIC ACID, ETHYL LAUROYL ARGINATE HCL, POTASSIUM SORBATE, TOCOPHEROL, PARFUM (FRAGRANCE), PIROCTONE OLAMINE, SODIUM BENZOATE, FARNESOL, LIMONENE, LINALOOL, CITRONELLOL, GERANIOL, CITRAL, COUMARIN.

INFORMATION

- Prevents chafing
- Reduces the effects of excessive strain and soothes irritated skin
- Helps assist the skin's defense system against harmful environmental effects
- Makes the skin noticeably more supple and elastic

Application

Apply Derma Repair special basic skin care on a daily basis and generously apply it to dry, irritated skin after cleaning it with Derma Clean special cleansing lotion.
